

FISCAL NOTE

HB 2876 - SB 3332

March 10, 2004

SUMMARY OF BILL: Clarifies that if a smoking policy exists, the administrative head of a public institution of higher education has the authority to designate area(s) within a building or buildings on campus where smokers are permitted to smoke rather than requiring an indoor smoking area in each building on the campus of such institution.

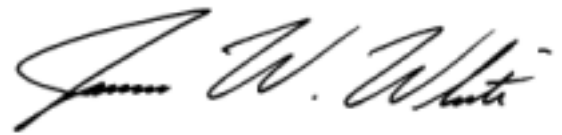

ESTIMATED FISCAL IMPACT:

MINIMAL

Assumes there would be no additional cost to designate smoking areas since the administrative head of the institution already has this authority.
